**INSPIRING:**

8. **STUDENTS’ UNION REPORT**

8.1 The Huddersfield Students’ Union (HSU) President updated members on a range of SU activities, including:

- A varied programme of student engagement activity, such as the Welcome Week held in January for new starters and the increasing variety of activities available for students throughout the year.
- Fundraising and community engagement by student groups, including raising £3,500 for the disaster appeal following the earthquake in Turkey and Syria, and working closely with the Canal and River Trust.
- The success of the University’s sports teams, and the final planning arrangements for this year’s Varsity competition on 26 April (hosted by the Huddersfield Students’ Union).
- Development work for student course representatives.
The outcomes of the annual elections for the Union's Sabbatical Officers. A report on the conduct of the elections would be considered at the June meeting of Governance and Membership Committee.

The establishment of focus groups focusing on mental health across the campus, the outcomes of which would be fed into the development of the University's Mental Health Charter. This had included engagement with postgraduate research and international students.

8.2 Members congratulated the HSU for its continued commitment in providing students with a wide range of support and activities, and commended the partnership work between the HSU and University on the University Mental Health Charter.

9. DEGREE OUTCOMES STATEMENT

9.1 The Deputy Vice-Chancellor reminded members of the University’s responsibility to publish an annual degree outcomes statement. This provided a summary of the overall trends in awards made, outlined the regulations and policies in place that were used to protect the University’s degree standards, and noted any subsequent actions needed to address any challenges identified. The report highlighted that there was a modest increase overall in the number of good degrees awarded, with teaching excellence being evidenced through awards such as the number of Global Teaching Excellence Awards, and of National Teaching Fellowships presented to academic staff at the University in recognition of their efforts.

9.2 The Deputy Vice-Chancellor stated that targeted support was offered to specific population groups in response to attainment gaps, and this project had resulted in a marked closure of the gap between different demographic groups (particular for BAME students). The success of this project had been recognised nationally by a Times Higher award, and members congratulated the Executive on the outcomes of this work.

9.3 In response to member queries, the Deputy Vice-Chancellor confirmed that, based on 2021/22 data (the latest available), the University was broadly in line with the rest of the sector for the number of good degrees awarded.

9.4 Members commented that the report contained some technical detail that may be difficult for prospective and current students to understand. The Deputy Vice-Chancellor explained that the report had to cover the requirements of the Office for Students but nonetheless would review the report to simplify some of the detail included. University Council approved the statement, subject to this amendment.

12.2 University Council noted that a statement of risk appetite was being developed in line with the recommendations from the recent governance effectiveness review. This would be considered by Audit Committee prior to seeking final approval at the July meeting of University Council. The University Secretary reported that the next Council meeting would also include consideration of a revised Scheme of Delegation, which would enable members to reflect further upon current arrangements for the delegation of compliance and governance matters to University Council committees.

12.3 Members discussed the current arrangements for monitoring the Corporate Risk Register. It was agreed that the current reporting structures were sufficient, with additional detail to be provided through the minutes of Audit Committee.
